

Struggling to navigate the complex healthcare industry?

Clarity Patient Advocates is on your side.

About Me

I am Claire Thevenot, an Oncology Certified Registered Nurse (OCN) and a stage IV breast cancer survivor of more than 7½ years. I am also a Board Certified Patient Advocate (BCPA) with my own private advocacy practice, Clarity Patient Advocates. In my practice, I guide patients and their families through the complicated healthcare system to help them access quality healthcare and attain peace of mind.

How Can I Help?

Elder Services

- Provide health and safety check-ins
- Make and attend medical appointments
- Arrange for follow-up tests and the completion of physician orders
- Coordinate home care services
- Organize medical bills and arrange for payment
- Facilitate the completion of advance directives and ensure patient wishes are followed

Cancer Services

- Provide emotional support and guidance
- Research top physicians and assist in establishing appointments
- Attend appointments and provide detailed notes
- Explain and thoroughly research medical diagnoses, tests, and treatment options
- Connect patient to appropriate resources
- Identify and facilitate applications for clinical trials

Medical Navigation

- Make and attend medical appointments
- Facilitate communication among providers
- Explain medical diagnoses, tests, and treatment options
- Support informed medical decision-making
- Identify appropriate resources and community services
- Gather and organize medical records
